METAL PALLETS

ABOUT

NOUVEAUX offers a diverse range of high-quality pallet storage solutions, from steel to heavy-duty options. We cater to unique customer needs with lightweight, durable, and cost-effective products. Our pallets are customizable and fabricated from mild steel to suit any plant environment. Engineered for strength and reliability, our steel pallets revolutionize material handling, resisting drooping and collapse even under heavy loads. They promote safety and cleanliness in manufacturing plants by eliminating injuries from heavy wooden pallets. Additionally, our pallets offer value even after use, thanks to their scrap value. Choose NOUVEAUX for efficient, safe, and sustainable pallet solutions.

SINGLE DECK

- Single Deck – Non Reversible Type.
- Two way entry for the forklift, stackers and Hand Pallet Trucks.
- Load carrying capacities from 500 kg to 3000 kg per pallet
- Compatible with all types of material handling equipment.
- Two way entry type pallets are preferred for use in heavy duty racking system.
- Any practical size can be made as per customer requirement.

SINGLE DECK
